Allowable Subject Matter

6. Claims 1-67 ara allowed.
7. The following is an examiner's statement of reasons for allowance:

As per Applicant's arguments/remarks on page 15 of the response, Examiner agrees that the prior art of record does not teach or render obvious the limitation recited in claims 1-2, 36-37, 47-48, 59-60, and 67 wherein the "assigning a manufacturing methodology to at least one contact area" is claimed. When taken in context of the claims and in combination with the remaining claims as a whole, the limitations of the instant invention as claimed by claims 1-67 is deemed allowable over the prior arts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

8. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
